140,470

BEDS FILLED
100,661

SECURED
EMPLOYMENT **167**

THE SHADE TREE is committed to providing strength and hope to the women, children and pets of Southern Nevada. Serving the community for 25 years, The Shade Tree has become the largest shelter of its kind in the state, and the only 24-hour accessible shelter designed specifically to meet the needs of women and children facing crisis.

During the 2013/2014 fiscal year, nearly 5900 women and children found shelter and safety within the walls of The Shade Tree. Many of our residents face serious health problems, hunger, and financial difficulties. They are insecure, fearful, angry, desperate, and hopeless. Many deal with the loss of a family member, a residence, and/or employment. They have lost hope and purpose in life. They have no place to turn other than a shelter. The Shade Tree shelter is a beacon of hope for these individuals and our programs help them to improve their quality of life. From the moment they take that first step of courage to enter the shelter, they are guided on a path to help regain their dignity and identity, while escaping the cycle of homelessness or violence.

WHAT WE DO

At The Shade Tree, our main goal is to help residents build or rebuild their lives, and those of their children, in order to stop the cycle of homelessness and abuse. The Shade Tree helps meet the basic needs of its residents as well as provide supportive services and other necessities. All programs and services are designed to allow each woman the opportunity to take the necessary steps toward making long-term changes to improve her own life as well as the lives of her children.

HOW WE ACHIEVE SUCCESS

Success is only made possible with the support from our incredible donors! We would not be able to provide the critical services so many in our community seek without it. The donation of time, money, and in-kind items makes an important difference in the lives of those we serve each day. Because of YOU, The Shade Tree can continue providing women, children, and their pets with a place to live, learn, and feel safe.
